SUMMARY

Financial Analyst with a Master of Financial Analysis and experience in financial reporting, P&L reconciliation, variance analysis, and financial modeling. Advanced Excel and SQL skills with experience analyzing large datasets, investigating discrepancies, evaluating financial performance, and developing KPI dashboards using Power BI and Tableau. Skilled in translating financial data into actionable insights to support business decisions.

PROFESSIONAL EXPERIENCE

Business Analyst **June 2026 – Aug 2026**

Citizens Financial Group | NJ

- Analyzed and reconciled quarterly financial data using SQL and Excel to support P&L reporting, financial analysis, and audit requests, ensuring accuracy across large datasets.
- Analyzed actual results against internal thresholds, identified performance variances, investigated discrepancies, and prepared findings for management review.
- Supported multi-scenario Excel financial models with sensitivity analysis to assess downside exposure across a $500M+ portfolio, validating assumptions and outputs.
- Consolidated financial information from multiple sources and coordinated with finance, risk, and operations stakeholders to resolve data issues and support timely reporting.

Operations Analyst **June 2024 – Mar 2025**

Pesapal | Kenya

- Analyzed and reconciled quarterly financial data using SQL and Excel to support P&L reporting, financial analysis, and audit requests, ensuring accuracy across large datasets.
- Analyzed actual results against internal thresholds, identified performance variances, investigated discrepancies, and prepared findings for management review.
- Supported multi-scenario Excel financial models with sensitivity analysis to assess downside exposure across a $500M+ portfolio, validating assumptions and outputs.
- Consolidated financial information from multiple sources and coordinated with finance, risk, and operations stakeholders to resolve data issues and support timely reporting.

Finance Associate Intern **Oct 2023 - May 2024**

I&M Bank | Kenya

- Analyzed financial statements and prepared recurring management reports using Excel to support financial planning, reporting, and management decision-making.
- Assisted with budgeting and expense reconciliation, comparing financial records, identifying discrepancies, and supporting accurate cost tracking.
- Prepared and reviewed daily Income Statement, Balance Sheet, liquidity, and other financial reports, ensuring accurate and timely financial information.
- Performed financial data validation and documentation checks to ensure accuracy, consistency, and compliance with internal policies and regulatory requirements.

PROJECTS

Financial Airline Industry Panel Analysis

- Evaluated 12 quarters of revenue, operating margins, and profitability across United Airlines, JetBlue Airways, and SkyWest Airlines using comparative financial analysis to identify performance trends, operating drivers, and structural cost pressures.

Costco Fixed Income Credit Analysis

- Conducted credit and relative value analysis of Costco senior notes, evaluating $10.1B in net cash, 0.58x total debt/EBITDA, yield-to-worst, credit spreads, and relative value versus the U.S. Treasury 10-year benchmark and investment-grade corporate peers. Assessed credit quality, leverage, valuation, and downside considerations to evaluate the investment's risk-return profile.

EDUCATION

Master of Financial Analysis **Aug 2025 – May 2026**

Rutgers University - New Brunswick, NJ

Bachelor of Science in International Business Administration (IBA) **Jan 2020 – Dec 2023**

USIU Africa - Nairobi, Kenya

CERTIFICATIONS

Financial Modeling and Valuation Analyst (FMVA, CFI) **Sep 2026**
